Florida should enact a law that requires a 24 hour waiting period prior to having an abortion.

Florida should enact a law that prohibits any organizations that performs abortions from receiving public funds.

Florida should enact a law allowing parents to use vouchers (equal opportunity scholarships) to send their children to any public, private or religious school.

Florida should enact a law requiring public schools to teach abstinence until marriage sex education programs.

Florida should enact a law requiring science teachers to provide a critical analysis of the scientific theory of evolution.

Florida should protect faith-based organizations and health care providers from being forced to provide services that contradict their religious beliefs.

Florida should create a statewide domestic partner registry.

Florida should enact a law creating new protected classes based upon sexual orientation and gender identity for purposes of non discrimination statutes.

THIS VOTER GUIDE FOR THESE COUNTIES:

Glades, Hendry, Martin, Okeechobee, St. Lucie

Dear Florida Voter:

You may be asking yourself, **why have so many candidates failed to respond?** Simply, they know you can hold them accountable at the ballot box. That is why, increasingly, politicians do not want to go on the record.

But as an informed voter you have a right to know where the candidates stand! As elected officials, they also have a duty to inform you.

Please take action right now by calling and emailing unresponsive candidates on your county voter guide.

We have provided the contact information of all those who failed to respond. Tell them how disappointed you are that they failed to respond to the Florida Family Policy Council voter guide survey.

All candidates were sent the survey, both by mail and email, then called multiple times by our team to encourage them to respond. While this is a voluntary survey and no one can require them to participate, you can let your voice be heard and **tell them you will not vote for a candidate unless you know where they stand on the issues most important to you.**

Thank you for your support and for making a difference.

Protection of unborn life ¹	O OPPOSE	S SUPPORT	S SUPPORT	O OPPOSE	AMENDMENT 1 Water and Land Conservation: Dedicates funds to acquire and restore Florida conservation and recreation lands	A YES VOTE places this legislative budget issue into the Florida Constitution and mandates that for 20 years, thirty three percent (33%) of public funds from tax dollars of existing excise taxes on documents will be dedicated to buying new and improving existing water and land conservation properties through the power of eminent domain.	A NO VOTE allows the state government through the legislative process to continue to allocate budgeted funds for the purposes of buying and improving land and water conservation properties. Currently there is no requirement that 33% of tax revenues from excise taxes on documents be used for this purpose.

Obamacare (Affordable Care Act) ⁴	S SUPPORT	O OPPOSE	O OPPOSE	S SUPPORT	AMENDMENT 2 Use of Marijuana for "Any Condition"	A YES VOTE legalizes the smoking of marijuana in all 67 Florida counties for "any condition", which could include fatigue, depression, body aches, nausea, pain, and headaches. Any person at least 21 years of age could be considered a "caregiver" and sell the drug without a prescription. There are no age restrictions or parental consent requirements, so minor children would be eligible to buy and smoke marijuana without their parents' permission.	A NO VOTE allows Florida's current law against buying, selling and smoking marijuana to remain in effect. Voting against this amendment will not affect the 2014 law which was passed in the state legislature and allows for a special strain of non-euphoric medical marijuana in a pill to be prescribed by physicians to treat children with certain seizures and to be used for other debilitating medical conditions.

A NO VOTE requires the Governor to wait until the date that an existing judge's term expires and an actual vacancy in the court occurs before he/she could start the process of finding a new judge. Currently, a vacancy on the court occurs for a period of time after an existing judge retires because the Governor is not allowed to begin the process of replacing the existing judge until after the date of his/her retirement.
